

# NORTH SALT SPRING WATERWORKS DISTRICT

## On-Line Banking Sign-up

North Salt Spring Waterworks accepts payments through on-line banking with Canada's major banks and our local credit union. Each bank has us listed differently in their directory. To help you set up your account, below is a list showing how each bank lists us in their directory.

**Please note** that you have two different account numbers with us – one for water and one for parcel tax. Therefore, you will need to set up two different bill paying accounts with your bank using the two different account numbers.

For water toll accounts, depending on the bank, you may have to enter an additional zero in front of your account to meet their requirements, or drop a zero.

For Parcel Tax drop the 764 prefix and don't use a period: For example – number shown on your invoice is 764 01000.123 – Use 01000123 for banking purposes. If your bank requires only seven digits, drop the first zero (0).

North Salt Spring Waterworks District Parcel Tax

We appreciate that some of our customers deal with other institutions who offer banking services, however, to keep our banking costs down we have opted to deal only with the above institutions. Nor, at this time, do we offer automatic withdrawal.
